

Checklist for

JUNIORS

Learn from EXPERIENCE

As a Junior, Career Services, located at the Brickley Center, is here to help you gain meaningful experience and create a preliminary plan for your future. What can you do NOW to prepare for life after graduation? Gaining experience will either confirm your career interests or encourage you to explore other possibilities. Get a head start and begin building your network of people and places. Here are some resources available to you as a Junior:

◇ **One on One Career Counseling Sessions**

Talk with a career counselor about opportunities to test out your interests and develop your strengths.

◇ **Assessment Inventories: Narrow down your choices**

We offer a variety of free assessment inventories to help you determine your interests, abilities and personality preferences. Results from these inventories are interpreted by a counselor and used to identify possible career fields.

◇ **Internships**

Connect your education with career related experience through the internship program. Please contact or visit the Brickley Center to speak with Krista Bogertman, Assistant Director of Career Services, about the internship process, forms and available internship sites.

◇ **Graduate School Preparation & Resources**

If graduate school is a possibility for your future, now is the time to begin doing some serious research. Let us help you explore this option and the application process.

◇ **Career Services Resource Library**

Check out books, magazines and related material to explore occupations and career fields related to specific majors.

◇ **Career Center Website**

For information on our services, upcoming events, career-related resources and more, browse through our website: http://www.enc.edu/org/brickleycenter/career_services.html

◇ **Career Week**

Participate in the annual event—Career Week (the last week in February) with workshops, speakers, and a campus Career and Internship Fair.
