

Your 2022-2023 Free Application for Federal Student Aid (FAFSA) was selected by the U.S. Dept. of Education for review in a process called “verification”. In this process we are required by federal law (34 CFR, Part 668) to compare the information from your FAFSA application with the information provided on this form and with your 2020 federal tax return transcripts (and your spouse’s if you are married, or parents’ if you are considered dependent for federal aid purposes). If there are differences between your application information and your financial documents, your school may need to make corrections electronically.

**** We cannot process your financial aid until verification has been completed. Please provide the required documents as soon as possible.****
