

Eastern Nazarene College
Financial Statements for the year ending June 30, 2022
Summary of the Financial Report

Overview

The audited financial statements for the year ending June 30, 2022 were reviewed and accepted by the Audit Committee of the Board of Trustees. The opinion of our independent audit firm, O'Connor & Drew P.C. is that the financial statements present fairly, in all material respects, the financial position of Eastern Nazarene College as of June 30, 2022. The following discussion and analysis provides a narrative summary of the financial statements.

Statement of Financial Position (Total Assets, Liabilities, and Net Assets)

Total assets of the College were \$44.5 million, down \$1.9 million or 4% from \$46.4 million the prior year-end. Unrestricted cash and equivalents decreased from \$3.5 million to \$3.0 million.

Total Liabilities were \$18.5 million down \$3.2 million or 15% from the prior year. Our line of credit remains at \$1.5 million. Forgiveness in full of Paycheck Protection Program (PPP) loan of \$2 million accounts for more than half of the reduction in liabilities. Long-term debt of \$14.3 million was down \$415,000 from scheduled principal payments as part of annual debt service. Interest payments on debt were \$545,000.

Our net assets of \$26.1 million were up \$1.3 million. Endowment assets were down slightly at \$19.1 million, while providing funding of \$1.5 million for student scholarships, instructional, academic and general support in accordance with donor restrictions. Unrestricted net assets increased \$2.2 million from \$5.5 million to \$7.7 million. The increase in unrestricted net assets is attributable to the \$2 million in PPP loan forgiveness plus a small operating gain.

Statement of Activities (Operating and Non-operating Results)

We are pleased to report an operating gain of \$102,845, slightly better than budget and our second consecutive year with positive operating earnings

Operating revenues of \$20.5 million were down \$600,000 from the prior year. Unrestricted gifts were a healthy \$1.2 million, but down from \$1.8 million in FY21 when the Board of Trustees did a special fund raising for \$1 million. Lower net tuition of \$1 million offset higher revenues for room & board, Campus Kinder Haus and conference services.

Operating expenses of \$20.4 million were up \$800,000 from last year. An increase in health insurance, advertising, travel and depreciation account for about half of the increase. Expenses related to the power outage from storm damage accounts for the remaining half of the increase. An insurance payment reimbursed the storm damage expense.

In addition, we had non-operating income without donor restrictions of \$2 million, resulting from forgiveness in full of our PPP loan.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
Eastern Nazarene College
Quincy, Massachusetts

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Eastern Nazarene College (a Massachusetts not-for-profit organization) (the "College"), which comprise the statements of financial position as of June 30, 2022 and 2021, the related statements of activities, changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements present fairly, in all material respects, the financial position of the College as of June 30, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the College and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards in the United States of America and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards in the United States of America and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The financial responsibility supplemental schedule and disclosures, listed in the accompanying table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 17, 2022 (except for Notes 8 and 16, for which the date is November 1, 2022), on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

Note 1 - **Organization**

Eastern Nazarene College (the “College”), located in Quincy, Massachusetts, is a Christian liberal arts four-year institution affiliated with the International Church of the Nazarene. The College is accredited by the New England Commission of Higher Education and offers more than forty traditional undergraduate programs and nine other programs, including graduate and adult studies degree completion and certificate programs. The total student population of approximately 700 is principally drawn from the New England area. The College’s mission is to provide a quality education in a distinctly Christian environment.

The College participates in student financial aid programs sponsored by the United States Department of Education (“ED”), which facilitates the payment of tuition and other expenses for students.

Operations

On March 11, 2020, the World Health Organization declared the global outbreak of the novel coronavirus (“COVID-19”) as a pandemic. For the academic year 2020 - 2021, COVID-19 had a significant effect on the College’s operations in response to government requirements and observing safety measures.

In response to the pandemic, the Federal government provided to the College Higher Education Emergency Relief Funds (“HEERF”) and funds for the Strengthening Institution Program (“SIP”) under the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act, Coronavirus Response and Relief Supplemental Appropriations Act (“CRRSAA”), and American Rescue Plan Act (“ARPA”). The HEERF consisted of the student aid award and the institutional award. Each Act requires a minimum amount to be spent on student aid.

The student aid award is required to be distributed to students as emergency grants for their expenses related to the disruption of campus operations due to coronavirus. The institutional award and the SIP can be used to cover any costs associated with significant changes to the delivery of instruction due to the coronavirus.

Note 2 - **Summary of Significant Accounting Policies**

Basis of Presentation

The accompanying financial statements have been prepared utilizing the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America ("U.S. GAAP") which require the College to report information regarding its financial position and activities according to the following net asset classifications:

Net assets without donor restrictions - Net assets that are not subject to donor-imposed restrictions and may be expensed for any purpose in performing the objectives of the College. These net assets may be used at the discretion of the College's management and the Board of Trustees.

Net assets with donor restrictions - Net assets subject to stipulations imposed by donors and grantors. Some restrictions are temporary in nature; those restrictions will be met by actions of the College or by the passage of time. Other restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

Restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without restrictions in the statements of activities and changes in net assets. Restricted contributions in which the restrictions are met in the same year are reported as without donor restrictions revenue.

Measure of Operations

The statements of activities and statements of changes in net assets report all changes in net assets, including changes in net assets from operating and non-operating activities. Operating activities consist of those items attributable to the College's ongoing purpose. Non-operating activities are limited to resources that generate return from investments, rental income, and other activities considered to be of a more unusual or nonrecurring nature.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions about future events. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, as well as reported amounts of revenues and expenses during the reporting period. Management evaluates the estimates and assumptions on an ongoing basis using historical experience and other factors that management believes to be reasonable under the circumstances. Adjustments to estimates and assumptions are made as facts and circumstances require. As future events and their effects cannot be determined with certainty, actual results may differ from the estimates used in preparing the accompanying financial statements. Significant estimates and assumptions are required as part of determining the value of accounts receivable, value of investments, categories in the fair value hierarchy, estimating depreciation, amortization and the recoverability of long-lived assets.

Cash and Equivalents

Cash and equivalents include all highly liquid debt instruments with maturities of three months or less and include banks deposits and money market funds.

Restricted Cash and Equivalents

Restricted cash and equivalents include donor restricted monies held in the endowment and monies held by the College restricted by the United States Government for use as part of the Federal Perkins Loan Program.

Allowance for Doubtful Accounts

Student accounts and Perkins Loans are periodically evaluated for collectability based on past experience and history with students. Other receivables are evaluated for collectability and an allowance for doubtful accounts is established as needed. For the years ended June 30, 2022 and 2021, management did not deem it necessary to establish an allowance for other receivables.

Pledges Receivable

Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using risk-adjusted interest rates applicable to the years in which the promises are received. Discount amortization is included in contribution revenue.

EASTERN NAZARENE COLLEGE

Notes to the Financial Statements - Continued

June 30, 2022 and 2021

Investments

Investments are initially reported at cost, if purchased, or at fair value, if donated. Therefore, investments are reported at their fair values in the statements of financial position, and changes in fair value are reported as investment return in the statements of activities and changes in net assets.

Purchases and sales of securities are reflected on a trade-date basis. Gains and losses on sales of securities are based on average cost and are recorded in the statements of activities and changes in net assets in the period in which the securities are sold. Interest is recorded when earned. Dividends are accrued as of the ex-dividend date.

Assets Held in Trust by Others

The College is named as the beneficiary of several charitable remainder trusts and charitable gift annuities, as well as an irrevocable trust, all of which are administered by a third party. The irrevocable trust is reported in net assets with donor restrictions, and the reported value is measured by the fair market value based on quoted market prices of the trust assets. The charitable remainder trusts and charitable gift annuities are reported in net assets with donor restrictions at the present value of the estimated future benefit to be received when the assets are distributed.

Debt Service Reserve Funds Held by Bond Trustee

Cash held by a financial institution in a reserve account used to pay interest and principal amounts of debt.

Property and Equipment

Property and equipment are stated at cost at the date of purchase or, for donated assets, at fair value at the date of donation, less accumulated depreciation. Depreciation is calculated using the straight-line method over the lesser of the estimated useful lives of the assets or the lease term. The useful lives range from three to eighty-seven years. The College's policy is to capitalize property and equipment acquired and expense normal repairs and maintenance as incurred. The College's management periodically evaluates whether events or circumstances have occurred indicating that the carrying amount of long-lived assets may be not recovered.

Other Assets

Other assets consist of prepaid expenses, bookstore inventory, and other supplies. Inventories are stated at the lower of cost or market, and cost is determined using the first-in, first-out method.

EASTERN NAZARENE COLLEGE

Deferred Revenues and Student Deposits

Student deposits represent reservation deposits and other advance payments by students on account. Deferred revenue represents the amount of unearned related services that are in progress as of year-end related to net tuition, fees, and auxiliary enterprises, such as room and board. Such amounts are reflected as revenue ratably over time with such amounts generally being recognized on a current basis given the nature and duration of the underlying services being provided.

Substantially all amounts included in deferred revenue at the opening of each period were recognized as revenues during the following fiscal period with very limited amounts not being earned associated with student withdrawal rights that management did not consider material. Contract liabilities represent the amount of the remaining performance obligation which is time driven given the academic calendar that underlies the earnings process for tuition, fees, and auxiliary revenue. Contract liabilities are presented in the statements of financial position as student deposits and deferred revenue, if applicable, and are recognized as income in the period in which the obligation takes place. There were no significant changes to deferred revenue amounts on a quantitative or qualitative basis. Certain enrollment deposits are returned to students who ultimately do not enroll.

Revenue Recognition and Operations

Revenues are reported as increases in net assets without donor restrictions unless use of the related asset is limited by donor-imposed restrictions. The College derives revenues primarily through tuition, fees, and auxiliary services, all of which are under arrangements that are aligned to an academic semester, which is less than one year in length.

Tuition, fees, and auxiliary enterprises revenue are recorded at established rates, net of institutional awards provided directly to students. Net transaction price is fixed and determinable. Such net amounts are recorded as revenue when performance obligations are satisfied, which is generally over time as services are rendered, whether relating to educational services or auxiliary services such as room and board. Management believes that recognizing revenue over time is the best measure of services rendered based on its academic calendar and has not made any changes in the timing of satisfaction of its performance obligations or amounts allocated to those obligations. Discounts provided to employees are considered part of fringe benefits within operating expenses and likewise are recorded over time. Management does not consider there to be significant judgment involved in the timing of satisfaction of performance obligations as those are directly linked to the academic calendar of the related academic or auxiliary activity.

EASTERN NAZARENE COLLEGE

June 30, 2022 and 2021

Students may withdraw from programs of study within certain time limits under the College's withdrawal policies by semester. These policies vary by program but allow for up to a 100% refund near the start of classes, declining to no refund shortly after the start of classes. Given the normal timing of the College's programs, the exposure to such is limited at year end.

Payments made by third parties such as ED relative to loans and grants to students are a mechanism to facilitate payment on behalf of students, and accordingly, such funding does not represent revenue of the College.

Expenses are reported as decreases in net assets without donor restrictions. Realized and unrealized gains and losses on investments and other assets and liabilities are reported as increases or decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulation or by law. Expirations of donor-imposed restrictions on net assets, such as the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed, are reported as "net assets released from restriction" between the classes of net assets.

The statements of activities report the changes in net assets without donor restrictions from operating and nonoperating activities. Operating revenues consist of those items attributable to the College's academic programs and auxiliary enterprises. This includes investment return appropriated for operations under the spending policy adopted by the Board. All other amounts are considered nonoperating.

Contributions, including unconditional promises to give, are initially recorded as revenue at fair value when verifiably committed. Unconditional promises to give, that will be paid by the donor's estate, are recorded when verifiably committed and are discounted using the remaining life expectancy of the donor. Fair value is determined at the original date of record as described in this section using Level 2 fair value inputs.

Conditional contributions and intentions to give are recorded as revenue when the conditions have been met. Pledge intentions are not recorded as revenue or as assets. Contributions are reflected in net assets without donor restrictions or in net assets with donor restrictions based on the existence or absence of donor restrictions. Amounts received with donor-imposed restrictions that are recorded as revenues in net assets with donor restrictions are reclassified to net assets without donor restrictions when the time or purpose restriction has been satisfied. The College had no conditional contributions at June 30, 2022 and 2021.

EASTERN NAZARENE COLLEGE

Notes to the Financial Statements - Continued

June 30, 2022 and 2021

The College reports gifts of property, plant, and equipment as revenues without donor restrictions unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as revenue with donor restrictions. The College reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Advances from the United States Department of Education

Advances from ED include funds advanced to the College under the Federal Perkins Loan Program (“Perkins”). Perkins funds have been made available mostly from the ED and, to a much lesser extent, an institutional match of funds to support what in the past had been a revolving loan fund. The amounts advanced by the ED are generally refundable subject to certain adjustments and thus are reflected as an obligation. The College is no longer lending under this program as the program is no longer available for student loans.

Fair Value Measurements

Promulgations of the Financial Accounting Standards Board (“FASB”) have established a framework for measuring fair value, which provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the College has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

EASTERN NAZARENE COLLEGE

Notes to the Financial Statements - Continued

June 30, 2022 and 2021

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Management establishes fair value measurement valuation policies for the valuation of all investments and assets held in trust by others. Annually, at a minimum, management reviews the continuing viability of the valuation techniques used to establish fair value measurements and evaluates and adjusts, as necessary, the unobservable inputs used in the fair value measurements based on current market conditions and other third-party information.

Endowment Funds

Massachusetts law requires not-for-profit organizations and other entities that receive donor contributions to operate in conformity with its enacted version of the Uniform Prudent Management of Institutional Funds Act ("UPMIFA"). In the absence of overriding explicit donor stipulations, UPMIFA prescribes guidelines for expenditures of donor-restricted funds and focuses on the prudent spending of the entire donor-restricted fund, including accumulated earnings, rather than the historical dollar concept. UPMIFA's requirement that amounts may be appropriated for expenditure only after careful consideration of the seven factors outlined in its spending guidelines is bolstered by its intent to have the governing board of the organization make its decisions in light of the donor's intended purpose of the endowment fund, stipulated or otherwise.

UPMIFA requires donor-restricted funds to be classified in accordance with their restrictions. Gains on endowment funds and other amounts permitted to be disbursed in accordance with the donors' stipulations must be classified as net assets with donor restrictions until approved for expenditure by the College. Earnings on endowment funds that have not yet been specifically approved for expenditure, but will be, must be classified as net assets with donor restrictions until approved for expenditure by the College.

The College's investment policy for endowment funds establishes a primary objective to invest with an emphasis upon consistency of performance, moderate volatility, and a balance between capital appreciation, preservation of capital, and current income. The intent of this goal is to preserve, over time, the principal value of assets as measured in real, inflation-adjusted terms.

EASTERN NAZARENE COLLEGE

Notes to the Financial Statements - Continued

June 30, 2022 and 2021

The College's endowment funds are primarily for the awarding of scholarships. The goal of the College's endowment spending and distribution policy is to preserve the purchasing power of the endowment and provide predictable support of operations and scholarships. Under this policy, as approved by the Board of Trustees, scholarship and support funds target 3 - 5% of spending calculated on a trailing three-year average of the fund balances associated with the endowment. Over the past five years, the endowment spend from asset earnings have averaged 6.5%. This spend is higher than target, but is consistent with the College's policy. It recognizes the strong endowment returns along with the financial needs of the College's students and the college, especially during the current pandemic. Over the past 10 years, the endowment spend has been 70% of earnings with 30% of earnings reserved for growth.

From time to time, the fair values of endowment fund assets may, due to unfavorable market fluctuations, fall below the level that donors require to be retained for a perpetual duration. The decline below the required perpetual duration, commonly referred to as "underwater", is reported as losses within net assets with donor restrictions. The Board of Trustees has interpreted UPMIFA to permit spending from underwater endowments in accordance with prudent measures required under law. As of June 30, 2022 and 2021, the College did not have endowment funds below the amount of the donor-required levels.

Gifts and Grants

Contributions are recognized as revenue when the conditions contained in the respective agreements have been met. Contributions are conditional if there is a barrier that must be overcome before the recipient is entitled to the asset transferred and the donor has the right to request the asset back if it was not used properly.

Unconditional contributions received are recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Contributions that are restricted by the donor are reported as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the contribution is recognized. All other donor-restricted contributions are reported as an increase in net assets with donor restrictions, depending on the nature of restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

EASTERN NAZARENE COLLEGE

Notes to the Financial Statements - Continued

June 30, 2022 and 2021

Contributed property and equipment are recorded at fair value at the date of donation. Contributions with donor-imposed stipulations regarding the purpose and how long the contributed assets must be used are recorded as net assets with donor restrictions; otherwise, the contributions are recorded as net assets without donor restrictions.

Church Gifts

Amounts collected from individual Nazarene churches in the Northeast region are given to the College on an annual basis.

Employee Retention Credit

The federal government has enacted several laws that provide for the College to claim a credit against the employer portion of federal payroll taxes based upon certain criteria being met. Claims made of the credit are open to review by the IRS. Management believes that the College has met the criteria for the entire amount claimed.

Income Taxes

The College has been notified by the Internal Revenue Service that it meets the qualifications to be classified as a tax-exempt entity under section 501(c)(3) of the Internal Revenue Code. As a not-for-profit entity exempt from income taxes, the College may, however, be subject to tax on unrelated business income.

U.S. GAAP requires an entity to assess the probability that a tax position has a "more likely than not" sustainability after review by tax authorities. If a tax position is deemed not to meet this threshold, any unrecognized tax benefits and costs are estimated and recognized. Tax returns are routinely open for review by the tax authorities for three years from their due date. In certain circumstances, that statute of limitations may remain open indefinitely.

Advertising

The College charges the cost of advertising to expenses as incurred.

Compensated Absences

Employees earn the right to be compensated during absences for vacation. Accrued vacation is the amount earned by all eligible employees through June 30, 2022 and 2021. Accordingly, the College's policy is to expense compensated absences when actually paid to employees.

Functional Allocations of Expenses

Expenses are categorized by program services, management and general, or fundraising on a direct identification basis, where practical, and on a percentage allocation basis based on management's judgement. A variety of cost allocation techniques are used such as time and effort and square footage.

Adoption of New Accounting Pronouncement

The FASB issued Accounting Standards Update ("ASU") 2020-07, *Not-for-Profit Entities: Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*. This pronouncement requires not-for-profit entities to present contributed non-financial assets in the statement of activities as a line that is separate from other contributions and provide additional disclosure information related to these items. The College adopted the provisions of ASU 2020-07 on a retrospective basis as of July 1, 2020. The adoption of this pronouncement did not necessitate a change in net assets.

New Accounting Pronouncement

FASB issued ASU 2016-02, *Leases*, which is effective for periods beginning after December 15, 2021. The purpose of this pronouncement will require lessees to recognize on their statement of financial position the rights and obligations resulting from leases categorized as operating leases as assets and liabilities. It provides for an election on leases with terms of less than twelve months to be excluded.

Management is in the process of evaluating this pronouncement and has not yet determined its impact on the financial statements.

Reclassifications

Certain amounts in the 2022 financial statements have been reclassified to conform to the 2021 presentation.

Note 3 - **Pledges Receivable**

Discount rates of approximately 0.50% have been applied to pledges due in years subsequent to both years ending June 30, 2022 and 2021. Pledges receivable consist of the following at June 30,:

	<u>2022</u>	<u>2021</u>
Due in less than one year	\$ 81,423	\$ 25,000
Due in two to five years	<u>25,000</u>	<u>50,000</u>

Less: discount to net present value	<u>320</u>	<u>319</u>
	<u>\$ 106,103</u>	<u>\$ 74,681</u>

Note 4 - **Fair Value Measurements**

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2022.

Public Securities: Market value using quoted market prices.

Privately Held Securities: Estimated values based on security type.

Mutual Funds: Net asset value of the shares held at fiscal year-end.

Real Estate: Market value using current year appraised values produced by a qualified realtor based on sales in a competitive market under all conditions requisite to a sale between unrelated parties.

Limited Partnerships: Valuations are calculated by the investment manager and take into account the fund's underlying assets.

Assets Held in Trust by Others: Either market value using quoted market prices or net asset value of the shares held at fiscal year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the College believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

June 30, 2022 and 2021

Note 6 - **Line of Credit**

The College has a revolving line of credit with a financial institution with a maximum borrowing of \$1,500,000. As part of the agreement, the College must have the line paid off for sixty consecutive days twice during each fiscal year. Interest is based on the prime rate. The rate at June 30, 2022 and 2021 was 4.75% and 3.25%, respectively. All borrowings are collateralized by a security interest in all business assets of the College and a junior mortgage on certain properties listed in Note 8. The outstanding balance of the line was \$1,500,000 at June 30, 2022 and 2021.

Note 7 - **Paycheck Protection Programs**

In March 2021 and April 2020, the College received Paycheck Protection Program (“PPP”) loans under the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) in the amounts of \$2,000,000 and \$2,034,615, respectively. The loans are forgiven based upon the College using the proceeds on eligible expenses over a twenty-four-week period from the time that the loans were obtained. Eligible expenses include payroll and related benefits, utilities, and rent/mortgage interest. In June 2021 and February 2022, the Small Business Administration, acting on behalf of the federal government, forgave the entirety of both loans and as such, recognized it as non-operating revenue on the statement of activities.

Note 8 - **Long-Term Debt**

Bond Payable

During fiscal year 2015, the College issued \$23,000,000 in Massachusetts Development Finance Agency (the “Agency”) Revenue Bonds, Series 2014 (the “Bonds”). The purpose of the Bonds was to refinance prior long-term debt and finance capital projects. The Bonds have certain covenants related to debt service coverage and liquidity. The Bonds are collateralized by a security interest in revenues, and a first priority interest in the East Elm and Old Colony campuses, and certain other property held by the College.

In accordance with FASB ASU 2015-03, the outstanding balance of the Bonds as of June 30, 2022 and 2021, of \$14,597,076 and \$15,028,843, are reported net of issuance costs of approximately \$275,000 and \$293,000, respectively. Bond issuance costs will be amortized as interest expense over the remaining life of the Bonds using the straight-line method. Amortization for the years ended June 30, 2022 and 2021 was approximately \$17,000. Annual amortization for the remaining life of the Bonds will be approximately \$17,000.

Note 11 - **Retirement Benefits**

The College participates in a defined contribution retirement plan and tax deferred annuity plan administered by the Teachers Insurance and Annuity Association ("TIAA") and the College Retirement Equities Fund ("CREF") for all eligible employees. This plan requires a minimum 5.00% contribution from eligible employees along with the College contributing an additional 7.50%. Contributions by the College are at its discretion. The College did not contribute to this plan for the years ended June 30, 2022 and 2021.

Note 12 - **Rental Income**

The College receives rental income through the leasing of numerous residential dwellings under tenant-at-will agreements. On a majority of these tenant-at-will agreements, the College is responsible for occupancy costs such as water and utilities. The properties are deemed to be held for investment and therefore are not depreciated. The properties are included in investments within the statements of financial position. Rental income is included within the statements of activities and changes in net assets under the caption net rental income.

A summary of net rental income as of June 30, is as follows:

	<u>2022</u>	<u>2021</u>
Gross rents	\$ 333,483	\$ 313,818
Less:		
Repairs and Maintenance	48,017	8,118
Utilities	<u>25,787</u>	<u>37,305</u>
Net Rental Income	<u>\$ 259,679</u>	<u>\$ 268,395</u>

Note 13 - **Commitments, Contingencies, and Uncertainties**

Third-Party Agreements

The College has a contract with a third-party vendor expiring in fiscal year 2024 for the provision of food services. Annual costs to the College are dependent upon the number of residential students. During fiscal year 2022, the College elected to cancel the contract per the term of the contract and entered into a new contract as disclosed in Note 16.

Government Grants

All funds expended by the College in connection with government grants are subject to review or audit by governmental agencies. In the opinion of management, any liability resulting from a review or audit would not have a significant impact on the financial statements of the College.

Operating Leases

The College leases various equipment under operating lease agreements. Rental expense associated with these operating leases amounted to approximately \$87,000 for the years ended June 30, 2022 and 2021.

Subsequent to June 30, 2022, minimum future lease payments under such leases are as follows:

Fiscal Years <u>Ending June 30,</u>	
2023	\$ 86,844
2024	14,160
2025	<u>14,160</u>
	<u>\$ 115,164</u>

Prepaid Tuition Program

The College participates in the Massachusetts Educational Financing Authority's U.Plan Prepaid Tuition Program (the "Program"). This Program allows individuals to pay in advance for future tuition at the cost of tuition at the time of election to participate, increased by changes in the Consumer Price Index plus 2%. The College is obligated to accept as payment of tuition the amount determined by this Program without regard to standard tuition rates in effect at the time of the individual's enrollment at the College. The effect of the Program cannot be determined as it is contingent on future tuition increases and the number of Program participants who attend the College.

Cash

The College maintains cash balances at financial institutions. From time to time, the College's cash balances at the financial institutions may exceed the amount insured by the Federal Deposit Insurance Corporation ("FDIC"). At June 30, 2022 and 2021, the uninsured balances in excess of FDIC limits were approximately \$2,770,000 and \$3,305,000.

Investments

The College invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks.

Composite Score

As a condition of eligibility to participate in federal student financial aid programs, the College is required to demonstrate financial responsibility, as defined by the United States Department of Education regulations, by maintaining a Composite Score of at least 1.5. The regulations also establish a Composite Score zone between 1.0 and 1.4; institutions falling within this zone are allowed up to three consecutive years to improve their financial condition without requiring surety.

The College has calculated a Composite Score of 3.0 for the years ended June 30, 2022 and 2021.

Note 14 - Availability and Liquidity

The following represents the College's financial assets available to meet general expenditures within one year at June 30,:

	<u>2022</u>	<u>2021</u>
Financial assets at year-end:		
Cash and equivalents	\$ 3,040,345	\$ 3,488,464
Accounts receivable, net	1,133,102	1,697,585
Pledges receivable due within one year	81,423	25,000
Employee retention credit receivable	2,994,700	2,026,743
Other receivables	<u>401,750</u>	<u>815,945</u>
Financial assets available to meet general expenditures within one year	<u>\$ 7,651,320</u>	<u>\$ 8,053,737</u>

The College reviews its cash position on a regular basis to ensure that adequate funds are available to meet expenses. If funds are needed for expenses, management can liquidate investments, request the Board undesignated previously designated assets, as disclosed in Note 10, or sell investment property. At June 30, 2022 and 2021, management believes that the College has no liquidity issues.

Note 15 - Management's Acceptance of Financial Statements

Management has evaluated subsequent events through October 17, 2022 (except for Notes 8 and 16, for which the date is November 1, 2022), the date for which the financial statements were available for issuance. Management accepted the financial statements and did not identify any other events subsequent to June 30, 2022, other than the events mentioned below, requiring additional disclosure in these financial statements.

Note 16 - Subsequent Events

In July 2022, the College entered into a new contract with a food service provider for dining services. The agreement called for an advance of \$250,000 for upgrades to the dining facilities to be amortized over the life of the agreement and a gift to the College of \$100,000.

In August 2022, the College invested \$100,000 in a shared equity arrangement for an investment property purchased for \$750,000.

In September 2022, the College paid off the entire balance of the line of credit of \$1,500,000.

As of September 23, 2022 the prime rate and loan rate increased to 6.25%.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Trustees of
Eastern Nazarene College
Quincy, Massachusetts

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States of America, the financial statements of Eastern Nazarene College (the "College"), which comprise the statements of financial position as of June 30, 2022, and the related statements of activities, changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 17, 2022 (except for Notes 8 and 16, for which the date is November 1, 2022).

Internal Control over Financial Reporting

In planning and performing our audits of the financial statements, we considered the College's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audits we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audits and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
